

NEW SIDEWALKS CAUSE TROUBLE

Council Hears Many Complaints
Against Lowering Grade.

ASKED TO REPAIR DAMAGE

LICENSE ORDINANCE KILLED
BY MAYOR'S VETO.

Several communications were received by the city council last evening regarding the damage to property done by lowering sidewalks in various parts of the city. The board of works also sent a letter to the council recommending that streets where new sidewalks had been laid be put in passable condition. It was decided to refer the entire matter to the committees on streets and engineering. Councilman Neuhausen made a speech denouncing the manner in which property was being destroyed by the lowering of sidewalks on the east side.

A petition was presented from Geneva, A. Kimball and Rose Hartwell asking that the city repair the damage done property on Sixth East street, between First and Second South streets, by reason of lowering sidewalks. Trees which have been destroyed the petitioners ask the city to remove.

Mrs. L. C. Scheid asked that the payment be withheld for a stretch of sidewalk in front of her dwelling at 267 Fourth East street. She stated that the sidewalk was finished in a rainstorm and is imperfectly done.

Other Complaints Made.
C. B. Titcomb, owner of the Fifth East hotel property, between First and Second South streets, stated that excavations had been made in front of his place for a sidewalk, but no work had been laid, leaving a bad hole for pedestrians to get over.

C. S. Kinney and other residents of East Fourth South street, between Eighth and Ninth East streets, wanted the street graded where a sidewalk excavation five feet deep had been made on the north side, leaving the place in a bad condition.

A resolution was passed ordering the contractor having the contract for laying gravel sidewalks to proceed with the work in those districts where special assessments have been levied and collected for the purpose of making gravel sidewalks, and that the difference between the assessment levied and the contract price for laying the sidewalks be paid by Salt Lake City.

New Grade Asked.
The Salt Lake City Brewing company asked that a new grade be established on Tenth East between Fourth and Fifth South streets, as the established grade will injure the adjoining property. Lewis T. Cannon and others asked that Eighth West street be made to grade with a width of twenty feet between Second South and Tenth South streets.

N. V. Jones and others asked that Tenth East street be opened for traffic from Tenth to Eleventh South. Most of the property owners have agreed to donate sufficient land and the petitioners ask that the county commission rest of the ground necessary.

Sewer Taxes by Installments.
The city treasurer was instructed not to enforce the collection of a special assessment levied by an ordinance passed by the council Oct. 21 for sewer extension No. 12, as to all the abutters on Ninth East and Tenth East streets between Second South and Fifth South streets in this extension, until the following times: The first installment, March 1, 1906, the second installment May 1, 1906, and the third installment July 1, 1906.

Claims For Damages Allowed.
Claims against the city or damages were allowed as follows: Hansena Huerback, \$2,500; Martha Allen, \$2,500; and Julius Huerback, \$2,500, for injuries sustained in a runaway on Oak street, Aug. 19.

The city attorney recommended that, inasmuch as claims for damages totaling several thousand dollars were being brought against the city by reason of defective sidewalks, the street supervisor be instructed to enforce the ordinance in regard to keeping walks in good condition.

A resolution offered by the committee on municipal laws that the office of deputy city auditor be abolished, was filed.

The mayor returned vetoed an ordinance reducing the license fee of ticket brokers from \$100 to \$50. The council did not pass the ordinance over Mayor Morris' veto.

Councilman Martin introduced a resolution requesting the Utah Light & Railway company to render more efficient service on the East Seventh South street line. Mr. Martin said the service on this line was "rotten," alleging that seventy persons were crowded into cars made to seat thirty-three passengers. The resolution was referred.

A resolution, introduced by Councilman E. H. Davis some time ago, was passed, ordering the building at a cost of ninety stone crosswalks at a cost of \$12,500.

A resolution was taken until 7:30 o'clock Thursday evening, when the water question will be discussed.

IDAHO FARMERS FALL IN LINE

Large Water Meeting Held at Preston.

AGREE TO JOIN ASSOCIATION

STATE ENGINEER TELLS OF THE
PROGRESS ALREADY MADE.

Franklin S. Richards, attorney for the Utah & Idaho Water Users' association, returned yesterday morning from Preston, Idaho, where he addressed a mass meeting of about 700 users of water Saturday evening. When he had concluded his talk the meeting unanimously adopted resolutions endorsing the project and promising to go into it and help circulate the association's articles of incorporation. Mr. Richards returned to the city convinced that the association would prove popular with the people in all the territory that it proposes to embrace in its project.

Engineer F. Doremus represents the state in the engineering work connected with the project, which means the irrigation of the lands in Salt Lake, Utah, Davis, Tooele, Weber, Cache and Box Elder counties in Utah, and Bear Lake and Oneida counties in Idaho, and in the work incident to securing the signatures of present and prospective water users he is assisted by a committee made up of representatives of the water users in each of the counties. The project is moving along nicely. We have about sixty agents in Utah and Idaho circulating copies of the articles of incorporation and procuring signatures. Those who now have been obtained as well as those who have none are going into the association. The question of vested water rights is left open and will be determined in the future. At first we proposed to confine the operations of the association to the territory that we believed could be irrigated with the water that could be obtained from Utah lake, and our progress was slow, because we proceeded on the theory that existing water rights must be defined before we could organize, and we attempted to define those rights through mutual agreements. This feature was eliminated from the present project which embraces everything between Bear lake and the Duchesne river, and also includes Utah lake and all intermediate streams, extending for a distance of about 200 miles. In this territory there are about 1,000,000 acres, about one-third of which has sufficient quantity of water. In this third of the whole there are nearly 10,000 farms under irrigation. The remaining 600,000 to 700,000 acres are to be supplied with water if possible. The possibility of obtaining a sufficient water supply for the purpose is now in process of determination.

HELD WITHOUT BAIL.
New York, Nov. 14.—Mrs. Paton Noble, whose husband was found dead at midnight last night, at his home in Long Island City, was yesterday arraigned on a charge of homicide. She appeared before Magistrate Smith in Long Island City and was ordered committed without bail.

The charge is based on the investigation by Police Detective Debon who says he heard Mrs. Noble say that she shot her husband after he had struck her. She denies making such a statement. Noble was clerk in the Fifth street police court, where the woman was today arraigned.

TRYING TO SQUEEZE IN.
Cynthiana, Ky., Nov. 14.—J. B. Bennett, the Republican candidate for congress from the Ninth Kentucky district today filed a petition before Judge Pryor asking for an order against the county board of election commissioners of this city, compelling them to count fifty-four votes for Bennett which the election officers in his precinct of this county failed to mark on the stub of the ballot book. Monday next was set for a hearing.

DR. AMES' FIFTH TRIAL.
Minneapolis, Nov. 14.—The fifth trial of Dr. A. Ames will begin Nov. 28. The case was set today on motion of Assistant County Attorney C. S. Jolley and the work of preparing a special venire of 100 men began at once. The trial will probably be on the indictment charging that Dr. Ames accepted a bribe of \$50 from Beattie Lee.

GOLD FOR PARIS.
New York, Nov. 14.—A total of \$2,700,000 in gold bars was engaged at the assay office today for shipment to Paris on Thursday. Of this amount the National City bank will ship \$1,600,000; the Royal Bank of Canada, \$1,100,000; and \$1,000,000 will be sent by Lazavé-Freres.

PRINCE FUSHIMI IN WASHINGTON

Assumed His Official Title and
Is Ready For Entertainment.

IS CORDIALLY WELCOMED

WILL BE PRESENTED TO THE
PRESIDENT TODAY.

Washington, Nov. 14.—Prince Fushimi, the adopted brother of the emperor of Japan, reached Washington at 5:30 o'clock this afternoon and assumed for the first time since his arrival in this country his official title of prince of the royal house of Japan. He was met at the station by the third assistant secretary of state, Mr. Pierce, who, as the personal representative of the president, bade him welcome to this country. Mr. Hiroki, the secretary of the Japanese legation, and in the absence of the minister the chancery clerks, presented to the prince at the station Baron Kaneke, who is visiting in this country, and Mr. Pierce, and Colonel Symonds, U. S. A., who will act as the prince's honorary military aide.

The prince thanked them for their cordial welcome and expressed the satisfaction he felt at being in the United States. A procession was then formed outside the car and Secretary Pierce led the way with the prince on his arm. There was a small crowd in the station but no particular demonstration was made. The prince and party were driven to the Arlington hotel, where they will stay while in Washington. Preceding the procession of carriages were four mounted policemen, and surrounding the prince and the members of his party were bicycle policemen. In another carriage rode Chief Wilkie of the secret service, and several members of his staff.

The program for the entertainment of the prince will begin tomorrow morning at 10 o'clock, when he will be presented to the president. The prince will wear his uniform when calling at the White House and the state department, but will wear civilian dress when calling on the foreign ambassadors. The prince will return to the New Willard hotel. At the invitation of Count Cassini, the Russian ambassador, who is dean of the diplomatic corps, Mr. Aspiroz, the Mexican ambassador, will act as dean during the visit of the prince.

Music and Drama

"The Heart of Chicago" is a Lincoln J. Carter melodrama. Those of you who know Mr. Carter's melodramas need not be told anything more about "The Heart of Chicago," which was played to standing room only at the Grand opera house. As Hamlet remarked, "The play's the thing" with Mr. Carter. The people here, in the opinion of the reviewer, are a safe place for any girl who has a voice with applause. At least it rocked last night and was properly so. The villain is a clever one. Pretending that he lost in the big fire all the money entrusted to him, he manages to hold on to it for a number of years before he is finally unmasked.

One of the thrills comes when the hero is strangled and tossed over the railing around the top of the Masonic temple in Chicago. Instead of falling twenty-two stories and landing on the sidewalk with a d. s. t. he somehow, though entirely unconscious when thrown over, manages to seize a rope and cling to it until he is pulled up.

If you like that sort of thing and a great deal of it in short, if you like Lincoln J. Carter, you will be pleased with "The Heart of Chicago." Last night's big audience was certainly well paid for the play goes again tonight, tomorrow night and at a matinee tomorrow.

The seat sale for Maxine Elliott, who comes to the Salt Lake theatre on Thursday night for four performances of "Her Own Way," is progressing at the Salt Lake theatre next Monday and Tuesday evenings, and which was cancelled on account of the tragic death of the star. Mrs. Elliott is to be followed by another Fisher and Rykey production, "San Toy," Wednesday and Thursday evenings.

LEFT BY WIFE, TAKES POISON

Arthur Chapman, Waiter, At-
tempts Suicide.

PHYSICIAN SAVES HIS LIFE

"ALL ON ACCOUNT OF A WO-
MAN," HE MURMURS.

Deserted by his wife, who has refused to live with him again, Arthur Chapman, an ex-soldier, attempted suicide about 7 o'clock last night in his room in the Lincoln House by taking a large dose of strychnine. His roommate, Frank Taylor, found him shortly after he took the drug and sent immediately for Dr. C. M. Benedict to attend him. Chapman was in convulsions when Dr. Benedict arrived, but the physician, after working for three hours brought him out of danger. An eight-ounce bottle of strychnine was on the center table in the room about half empty and is believed to have been taken by Dr. C. M. Benedict. Chapman was undressed, lying in bed, and tossing from one side to the other. When he was recovering he talked of his troubles. Time and again he repeated: "It was all on account of a woman." Little could be found out about his wife.

Served in the Philippines.
Chapman served in the army of the Philippines, having enlisted as a private at San Francisco. After being released he enlisted again and was stationed for some time on the coast. He was married before he went to the Philippines, but it is understood that his wife died while he was on the island. When he returned he called on his wife, being grief-stricken over the death of his wife, and shortly afterward was transferred to Fort Douglas. He served the rest of his time at this post in the battery, and being released married Ethel Platt, a Salt Lake girl, whose parents formerly lived here.

Since Chapman left the army he has worked here as a waiter at both the National and Chesapeake restaurants, and as a waiter at the Lincoln House.

Wife Deserts Him.
Several months ago his wife left him and, according to his roommate, he has not been able to find her. Chapman has been sick since Tuesday and has hardly been able to leave his room. Yesterday afternoon he walked downtown and purchased the bottle of strychnine with which he attempted to kill himself. Chapman has been out of employment for some time on account of his ill health. He is 28 years of age and has relatives living in San Francisco.

LOCAL BRIEFS.
